This curve should NOT be used as an absolute determination of what letter grade you have in class. This curve is provided for your own information and as an indication of how your score compares to others'. Please also consider where in the range your score falls. For example, a score of 89 could be considered as a B or an A (since it is so close to an A). Your **TOTAL NUMBER OF POINTS** at the end of the semester is used to determine your final course letter grade.
