\* **Lesson 4** is not in WebAssign. Complete it on paper and either drop it off at Mr. Delworth's office or email it (or fax it) by Friday, June 14<sup>th</sup>. You can also send a GOOD picture if you wish.

\*\* **July 10** is the last day a student may drop a course.

### How the online class works:

1. Click on the lesson link above and watch the lesson in YouTube on the given day
2. Complete the corresponding online homework in WebAssign before 10:00 pm the next class day
3. Rinse and Repeat

**Homework** is completed using WebAssign and is due by 10:00 pm the day after it is assigned.

Lesson 1 is due by 10:00 pm on June 11<sup>th</sup>, Lessons 2, 3 are due by 10:00 pm on June 12<sup>th</sup> ...  
Your two lowest homework scores will be dropped.

**Quizzes** will be given two or three times a week and will be scheduled through WebAssign.

There will be about 14 quizzes this summer. Your lowest quiz score will be dropped.

**Exams** 1, 2 and 3 are scheduled. You have the option of taking it with the 7:30 class on campus or securing a proctor to administer the exam. The exam will be sent to the proctor and you will have two days to take the exam. You can take it either the day of or the day after the scheduled date.

To secure a proctor:

The **Final Exam** will be given between July 31<sup>st</sup> and August 2<sup>nd</sup>, and is a two hour exam. The date, time and location will be announced later in the summer. Taking the Final Exam will use the same procedure as the midterm exams.

**Grades:** There are 600 total points in the course; 70 points homework, 30 points quizzes, three 100 point midterm exams, and a 200 point final exam. Notice that exams are worth 500 of the 600 points.

$$\text{Total points} = 70 * (\text{Homework \%}) + 30 * (\text{Quiz \%}) + \text{Total Exam points}$$

Two homework scores and one quiz score will be dropped at the end of the session.

I will have Lessons 2, 3, and 4 up as soon as I find them.

I will have more information to share with you as the semester rolls along.
