The Black Caucus

The Caucus traces its roots to discussions and informal meetings among African American faculty and staff on the Purdue University West Lafayette campus in the Fall of 1970. The concept for an organized group of Black faculty and staff initially was circulated by Dr. Buchanan, who held the position of Coordinator of Black Student Programs at the time. These discussions continued over the next few years until September, 1974, when faculty and staff members responded positively to a proposal from Mr. Sam Hay, Director of Africana Studies and Research Center, to develop a more formal organizational structure. An ad hoc leadership group began planning for the goal with monthly meetings at the old Black Cultural Center.

Under a constitution ratified in December 1974, African American faculty and staff members voted on April 17, 1975 to establish the *Black Faculty and Staff Council of Purdue University*, and elected as its first officers Dr. Luther Williams (Chairperson), Ms. Marion Blalock (Vice Chairperson), Dr. Darlene [Clark-] Hine (Recording Secretary–Treasurer), Mrs. Helen Bass Williams (Corresponding Secretary), Mr. Kenneth McNight (Parliamentarian), Capt. Jerome Adams, Mr. Samuel Hay, and Ms. Phoebe Coleman (Members-at-Large). Purdue President Arthur G. Hansen was duly notified later that month. By the Spring of 1976, the organization became known as the *Black Caucus of Faculty and Staff*.

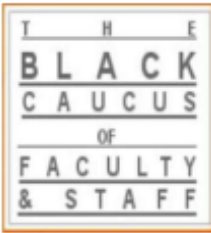

The basic purpose, goals, and objectives of the Caucus have remained consistent across the life of the organization, and are articulated most clearly in its Constitution and Bylaws (1984):

“The purpose of the Purdue Black Caucus of Faculty and Staff shall be:

- (a) To identify and act upon those issues which affect Black people at Purdue University and the greater Lafayette community, especially as they relate to the function of the University;
- (b) To institute and maintain an effective and positive relationship between the University and its Black constituency both on and off campus;
- (c) To reinforce self-awareness among Black people by implementing programs and activities designed to achieve these aims;
- (d) To gather and disseminate information about available talent, opportunities, and activities that will provide the University with a comprehensive understanding of the dynamics of the Black experience;
- (e) To carry out other activities of a charitable and educational nature to promote the welfare of Black faculty, staff, and students.”

From its earliest years, the Caucus undertook monitoring the number and status of African American staff and students at Purdue, providing mutual support, and engaging upper administration in planning for change and advancement on matters of concern. One important, visible, and consistent function has been the Annual Awards Program which started as the “Academic Support Fund Dance” that raised money for academic merit awards and a possible emergency loan fund, the Caucus distributed 30 “incentive awards” to Black students for the end of the 1975-76 academic year. The Second Annual Academic Support Fund Dance honored 60 outstanding Purdue Undergraduates with cash awards, gifts, and certificated for excellence in scholarship, community service, and leadership. Continuing its tradition of honoring students using only voluntary donations, this 48th Annual Program will honor over 200 undergraduates of African descent at Purdue University.

PURDUE BLACK CAUCUS OF FACULTY AND STAFF

April 2023

Dear Students, Family Members, Honored Guests, and Caucus Members and Friends,

The Purdue Black Caucus of Faculty and Staff welcomes you to our **48th Annual Academic and Service Awards Program!**

For the first time since 2019, we gather again in person to celebrate the accomplishments of over 200 students. Their experiences, achievements, and contributions in the classroom and beyond are crucial to making Purdue University a vibrant world-class community of higher education. Honoring Black excellence as we do affirms our hopes and dreams for all of our families, communities, nations, and world. Please congratulate all our students listed in this year's Program booklet!

The BCFS Annual Academic and Service Awards Program remains unique in its scope, the breadth and commitment of those who have worked hard to organize it, and its sheer longevity. This celebration recognizes undergraduate student achievement across all departments and units. The Program has been organized each year solely by the hard work and dedication of volunteers: the members and friends of the Purdue Black Caucus of Faculty and Staff, from across the University community. For nearly five decades, the Program has remained one of the largest regular gatherings of Black families at Purdue outside of Commencement (if not THE largest!). Members and friends of the Caucus are proud to bring together families, faculty, and staff in support of our students' thriving.

In that spirit, I encourage you to look thoughtfully through this booklet to see the range of people and units at the university who have supported this 2023 Awards Program with ads and other contributions. Of course, today's honors are possible only because of the love and encouragement of parents, guardians, caregivers, and relatives who have loved and encouraged our Black Boilermakers. Make it a point to acknowledge and thank all extended members of our "village" for their support in raising these talented emerging adults! We hope to see everyone next year as well—in person, eager, and even more accomplished!

With my sincere congratulations and enduring best wishes,

David Rollock, Ph.D.
150th Anniversary Professor and Professor of Psychological Sciences
Associate Dean of the Graduate School
Chairperson, Purdue Black Caucus of Faculty and Staff

April 2023

To each of our student honorees,

It is my sincere pleasure to congratulate you, on behalf of the entire Boilermaker community, on the outstanding success for which you are being recognized today. This annual celebration, honors your dedication and commitment to making a positive difference in your community. You exemplify what it means to be a Boilermaker through your leadership, tenacity and persistent pursuit of excellence, both in and out of the classroom. Because of you and your work, Purdue is a better place, and we are ever grateful.

Thanks also are in order for your family and friends, who celebrate your achievements each day and for the members of our Black Caucus of Faculty and Staff, who support and encourage you. They are an essential part of the Purdue family and we thank each of them for their hard work and devotion to your success.

This annual event shines a well-deserved spotlight on the many ways in which you go above and beyond in all aspects of your lives. I hope you know what an important part of our campus you are. Thank you, again. You make Purdue proud.

Sincerely,

Mung Chiang
President

KEYNOTE SPEAKER

Ashley M. Munson is a uniquely blended community leader whose life mission is to not only advocate and represent people of color but to civically engage the culture along the way. Munson currently serves as the Manager of Community Engagement and Government Affairs for the Obama Foundation. Her role plays a pivotal role in the support and programming around the Obama Presidential Center that will soon call Chicago, IL home.

Munson has spent her professional career advocating at the local, state and federal level to advance policy solutions to end food insecurity, improve pro-black and brown quality education and demand environmental justice in Chicago, Cook County and throughout Illinois.

Prior to her position at the Obama Foundation, Munson worked as a lobbyist who pushed legislation to highlight black and brown farmers, support federal food nutrition programs and grow local support for food systems to decrease hunger in black and brown communities. She has advocated at the State Capitol for the improvement of public education for primarily Black and Brown students in Illinois. Additionally, her experience has led her to serve as the Policy Coordinator for the Illinois Environmental Council (IEC). At IEC, her work included establishing strong relationships among leaders in communities of color who are committed to environmental stewardship and sustainability. Ashley helped educate legislators and stakeholders on energy and environmental issues.

Munson started her career in policy as a communication staffer for the Illinois House of Representatives. Her role with the Illinois General Assembly provided research and analytical support to the Democratic House members, while learning the intricate systems of Illinois Government. She is also a former campaign manager for the Indiana House Democratic Caucus, and graduate of Northwestern University and Purdue University.

As seen on CBS, NBC, the Chicago Tribune, Chicago Defender, and newspapers across the country, Munson is also Lead Organizer for the Juneteenth - March for US 2020 and 2021 event that were key in making Juneteenth a local, state, and national holiday. This march itself is comprised of the commemoration of the ending of slavery, and the celebration of Black culture.

Munson, also known as the neighborhood CNN, cultivated her passion for advocacy through her social media platform. She is a politico that aims to educate everyday people to understand political matters. In Chicago's own Tonight Show, with elements of humor and unequivocal competence, Munson educates community stakeholders, business owners, entrepreneurs, young people, friends, and family on all things politics.

Ashley's life mission is to represent women across the globe who are known as underdogs.

THE NATIONAL ANTHEM

The Star Spangled Banner

By Francis Scott Key

Oh, say can you see, by the dawn's early light,

What so proudly we hailed

At the twilight's last gleaming?

Whose broad stripes and bright stars,

Through the perilous fight,

O'er the ramparts we watched,

Were so gallantly streaming?

And the rockets' red glare,

The bombs bursting in air

Gave proof through the night

That our flag was still there.

O say, does that star-spangled banner yet wave

O'er the land of the free and the home of the brave?

THE NEGRO NATIONAL ANTHEM

Lift Every Voice and Sing

By James Weldon Johnson

Lift ev'ry voice and sing,
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the list'ning skies,
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us,
Sing a song full of the hope that the present has brought us;
Facing the rising sun of our new day begun,
Let us march on till victory is won.

Stony the road we trod,
Bitter the chast'ning rod,
Felt in the days when hope unborn had died;
Yet with a steady beat,
Have not our weary feet
Come to the place for which our fathers sighed?
We have come over a way that with tears has been watered.
We have come, treading our path through the blood of the slaughtered,
Out from the gloomy past,
Till now we stand at last
Where the white gleam of our bright star is cast.

God of our weary years,
God of our silent tears,
Thou who hast brought us thus far on the way;
Thou who hast by Thy might,
Led us into the light,
Keep us forever in the path, we pray.
Lest our feet stray from the places, our God, where we met Thee,
Lest our hearts, drunk with the wine of the world, we forget Thee;
Shadowed beneath Thy hand,
May we forever stand,
True to our God,
True to our native land.
