Congratulations to the Pioneering dean of Veterinary Medicine, Willie M. Reed, for 17 years of service. Dean Reed is the first and only academic African American Dean at Purdue University. Dean Reed will be returning to the faculty.

Congratulations to the 2024 class of the Black Caucus Honor student recipients. Your commitment to academic excellence is admirable.

Dean Reed and Dr. Dorothy Reed

The Caucus traces its roots to discussions and informal meetings among African American faculty and staff on the Purdue University West Lafayette campus in the Fall of 1970. The concept for an organized group of Black faculty and staff initially was circulated by Dr. Buchanan, who held the position of Coordinator of Black Student Programs at the time. These discussions continued over the next few years until September, 1974, when faculty and staff members responded positively to a proposal from Mr. Sam Hay, Director of Africana Studies and Research Center, to develop a more formal organizational structure. An ad hoc leadership group began planning for the goal with monthly meetings at the old Black Cultural Center.

Under a constitution ratified in December 1974, African American faculty and staff members voted on April 17, 1975 to establish the *Black Faculty and Staff Council of Purdue University*, and elected as its first officers Dr. Luther Williams (Chairperson), Ms. Marion Blalock (Vice Chairperson), Dr. Darlene [Clark-] Hine (Recording Secretary–Treasurer), Mrs. Helen Bass Williams (Corresponding Secretary), Mr. Kenneth McNight (Parliamentarian), Capt. Jerome Adams, Mr. Samuel Hay, and Ms. Phoebe Coleman (Members-at-Large). Purdue President Arthur G. Hansen was duly notified later that month. By the Spring of 1976, the organization became known as the *Black Caucus of Faculty and Staff*.

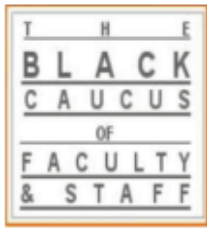

The basic purpose, goals, and objectives of the Caucus have remained consistent across the life of the organization, and are articulated most clearly in its Constitution and Bylaws (1984):

“The purpose of the Purdue Black Caucus of Faculty and Staff shall be:

- (a) To identify and act upon those issues which affect Black people at Purdue University and the greater Lafayette community, especially as they relate to the function of the University;
- (b) To institute and maintain an effective and positive relationship between the University and its Black constituency both on and off campus;
- (c) To reinforce self-awareness among Black people by implementing programs and activities designed to achieve these aims;
- (d) To gather and disseminate information about available talent, opportunities, and activities that will provide the University with a comprehensive understanding of the dynamics of the Black experience;
- (e) To carry out other activities of a charitable and educational nature to promote the welfare of Black faculty, staff, and students.”

From its earliest years, the Caucus undertook monitoring the number and status of African American staff and students at Purdue, providing mutual support, and engaging upper administration in planning for change and advancement on matters of concern. One important, visible, and consistent function has been the Annual Awards Program which started as the “Academic Support Fund Dance” that raised money for academic merit awards and a possible emergency loan fund, the Caucus distributed 30 “incentive awards” to Black students for the end of the 1975-76 academic year. The Second Annual Academic Support Fund Dance honored 60 outstanding Purdue Undergraduates with cash awards, gifts, and certificated for excellence in scholarship, community service, and leadership. Continuing its tradition of honoring students using only voluntary donations, this 49th Annual Program will honor over 200 undergraduates & professional students of African descent at Purdue University.

PURDUE BLACK CAUCUS OF FACULTY AND STAFF

April 2024

Dear Students, Family Members, Honored Guests, and Caucus Members and Friends,

The Purdue Black Caucus of Faculty and Staff welcomes you to our **49th Annual Academic and Service Awards Program!**

The members and friends of the Caucus continue to see the value in taking the time to celebrate our students, who continue to achieve so much—even in challenging times. We highlight students who have demonstrated determination, creativity, and significant academic and extracurricular success. Their accomplishments honor those who raised and support them, and their unique personal victories and campus contributions carry on a tradition of strengthening Purdue University. Honoring Black excellence as we do affirms our hopes and dreams for all of our families, communities, nations, and world. Please congratulate all our students listed in this year's Program booklet; they ARE the faces of a world-class university!

The BCFS Annual Academic and Service Awards Program remains unique in three main ways. First, this celebration recognizes undergraduate student achievement across all departments and units. Second, the Program has been organized each year solely by the hard work and dedication of volunteers: the members and friends of the Purdue Black Caucus of Faculty and Staff, from across the University community. Finally, for nearly five decades, the Program has remained arguably the largest regular gathering of Black families at Purdue outside of Commencement! In fact, the scope and longevity of this Program is unique across the nation's universities.

In that spirit, please join me in thanking all those who made this 2024 Awards Program possible. Thank the members and friends of the Caucus who volunteered their time and talents to this mission. Thank those people and units at Purdue who supported this Program with ads and other contributions. Thank the parents, guardians, caregivers, and relatives who have encouraged our Black Boilermakers at every step. Of course, show your appreciation to our students, who have come this far, and whom we hope will go from strength to strength.

With my sincere congratulations and enduring best wishes,

David Rollock, Ph.D.
150th Anniversary Professor and Professor of Psychological Sciences
Associate Dean, the Graduate School
Chairperson, Purdue Black Caucus of Faculty and Staff

April 2024

To each of our student honorees,

It is my sincere pleasure to congratulate you, on behalf of the entire Boilermaker community, on the outstanding success for which you are being recognized today. This annual celebration, honors your dedication and commitment to making a positive difference in your community. You exemplify what it means to be a Boilermaker through your leadership, tenacity and persistent pursuit of excellence, both in and out of the classroom. Because of you and your work, Purdue is a better place, and we are ever grateful.

Thanks also are in order for your family and friends, who celebrate your achievements each day and for the members of our Black Caucus of Faculty and Staff, who support and encourage you. They are an essential part of the Purdue family and we thank each of them for their hard work and devotion to your success.

This annual event shines a well-deserved spotlight on the many ways in which you go above and beyond in all aspects of your lives. I hope you know what an important part of our campus you are. Thank you, again. You make Purdue proud.

Sincerely,

Mung Chiang
President

The Star Spangled Banner

By Francis Scott Key

Oh, say can you see, by the dawn's early light,

What so proudly we hailed

At the twilight's last gleaming?

Whose broad stripes and bright stars,

Through the perilous fight,

O'er the ramparts we watched,

Were so gallantly streaming?

And the rockets' red glare,

The bombs bursting in air

Gave proof through the night

That our flag was still there.

O say, does that star-spangled banner yet wave

O'er the land of the free and the home of the brave?

Lift Every Voice and Sing

By James Weldon Johnson

Lift ev'ry voice and sing,
Till earth and heaven ring,
Ring with the harmonies of Liberty;
Let our rejoicing rise
High as the list'ning skies,
Let it resound loud as the rolling sea.
Sing a song full of the faith that the dark past has taught us,
Sing a song full of the hope that the present has brought us;
Facing the rising sun of our new day begun,
Let us march on till victory is won.

Stony the road we trod,
Bitter the chast'ning rod,
Felt in the days when hope unborn had died;
Yet with a steady beat,
Have not our weary feet
Come to the place for which our fathers sighed?
We have come over a way that with tears has been watered.
We have come, treading our path through the blood of the slaughtered,
Out from the gloomy past,
Till now we stand at last
Where the white gleam of our bright star is cast.

God of our weary years,
God of our silent tears,
Thou who hast brought us thus far on the way;
Thou who hast by Thy might,
Led us into the light,
Keep us forever in the path, we pray.
Lest our feet stray from the places, our God, where we met Thee,
Lest our hearts, drunk with the wine of the world, we forget Thee;
Shadowed beneath Thy hand,
May we forever stand,
True to our God,
True to our native land.
